Report of the running of the line between Mt. Desert and Eden from Otter Creek to the head of the tide at the Head of the Sound.

On Monday December 26. 1881 J. Hamor and Chadiah Allen, Selectmen of Mt. Desert - B. H. Higgins and S. M. Conners Selectmen of Eden, and C. W. Hamor Surveyor, met at one o'clock P.M. on said day at a rock marked "B" at the head of the tide at Otter Creek, and run from said rock, North forty three & one half degrees West, said course having been taken from the United States Coast Survey, passing over the top of a large rock in Leander Richardson's field, on the West side of the county road, and near the road leading from the county road to his house, thence to, and up the Eastern side of Green Mountain, when night came on and we adjourned.

Tuesday December 27. 1881. Rained all day; and we were unable to do anything on line.

Wednesday December 28. - 1881. Same party (except S. M. Conners) met on the line on Green Mountain, and continued on our course over the Southern slope of said mountain, spotting a few trees on their West sides and run down the West side of said mountain, into and across the valley crossing the line between D. Wellington's lot and Wm. H. Hadlock's lot about one fourth of a mile South of Little Lake.

thence on same course, to the foot of a high precipice, on the Eastern side of Penitic Mountain, when on the account of the dense, wet fog, we adjourned.

Thursday Dec. 29.

Same crew met at the foot of said precipice, and continued on our course passing over the Northern portion of said Penitic Mountain, down its Western side, through the valley between Jordan's Pond and Eagle Lake, and up along the Northeastern slope of the Southern Bubble Mountain (having crossed the North line of the Jordan lot, so called) to the top of the Northern Bubble, when night coming on, we adjourned.

Wednesday, January 4. 1882.

Same crew (with the addition of Jones Tracy) met on the Bubble Mountain at the station where we adjourned on the night of December 29. 1881. and proceeded on our course, down the Western side of said mountain, through the valley, and along the Northern slope of Sargent's Mountain, to a deep ravine on the North end of said mountain, when it being night we adjourned.

Thursday, Jan. 5. 1882.

Same crew, with the exception of J. Hamor, he having sent Ernest Hamor in his stead, met at the last mentioned station, on the North point of Sargent's Mountain, and continued our course down the Western side of said mountain, and through the flat ground passing over S. P. Richardson's

Adjourned at the foot of Mountain. 1883.

Ridge, about six rods north of the old line, and continuing on and crossing Eagle Lake Road, about five rods north of the Old Line. Thence continuing on to the western side of a large swamp, when it being night we adjourned.

Friday Jan. 6. 1882.

Same crew met at station at West end of Swamp, and continued our line to a point at the County Road at the head of the Sound, said point being nine feet North of the true Sound.

We spotted the Western side of line along said line.

And we hereby certify that we believe that the described line is the true and correct line between the two towns from Otter Creek to the head of the Sound.

Report of the defining of the line between the towns of Eden and Mt. Desert by B. H. Higgins Selectman of Eden & J. Hamor & J. C. Keill. Selectmen of Mt. Desert.

Oct. 2. 1882.

B. H. Higgins and J. Hamor. B. H. Higgins, and E. M. Hamor, met at Otter Creek according to previous agreement, at a rock marked B. 1840. in the head of said Creek, and spotted the true line between the towns of Eden and Mt. Desert, to a Rock in Lander Richardson's Field, on the West side of the County Road, and on the North side of said Richardson's Private Road, when we put an Iron Bolt in said rock, thence we spotted trees in the line to the foot of Green Mountain, on the Eastern side, when it being night we adjourned, to meet at that place next morning.

Oct. 3. 1882.

Met according to adjournment, at the foot of Green Mountain, and followed the line, spotting trees until we crossed Wellington's East line, and put a bolt in the ledge a few rods West of said line. Then crossed Green Mountain setting five or six bolts, and spotting trees to the Old Wood Road, leading from Otter Creek to Turtle Lake. At this place we set a large stone in the ground, on the West side of said old road. Thence we spotted trees in the line to the foot of

Pemetic Mountain: The Eastern side of this Mountain is so abrupt, that we found it impossible to follow the line, and were obliged to take a circuitous route to the top of the Ridge, where we found the line and set a bolt in the ledge, on the Eastern and one on the Western sides of it. The line crosses this Mountain some distance Northward from its summit.

We then spotted trees, and built stone monuments down the Western side of Pemetic, through the valley, up the Eastern side, over the top and down the Western side of "Bubble Mountain, to the "Old Wood Road" leading through the South West Valley to Jordan's Pond, when it being night we adjourned to meet at that place next morning.

Oct. 4. 1883.

Met according to adjournment and spotted trees through the valley and up the Northeastern slope of Sargent's Mountain till we came to a smooth ledge sloping quite steep, to the Eastward, where we set a bolt, and then we spotted through the small bushes, fifty or sixty rods, and set a bolt in another smooth ledge. Thence we spotted trees, till we came to the West side of the Northwestern spur of said Sargent's Mountain where we built a stone monument.

then spotted trees down the Western side of said spur to the Road leading from the Sound to the South West Valley, where we set a large stone in the ground on the East side of said Road.

We then spotted trees to the County Road leading from the Sound to Bear Harbor, where we set a large piece of Granite on the West side of said road.

Thence spotted trees to the County Road at the Head of the Sound and adjourned.

The course of this line is North forty three and one half degrees West.

Met according to previous agreement in the road leading from Indian Point to Oak Hill, on Elon F. Richardson's North line, and run North sixty-eight degrees and forty minutes West, following said line through spotted trees, till we passed E. M. Richardson's Southwest corner, after which we saw but a few spotted trees, till we came to the road leading from Indian Point to Pretty Marsh.

Here our line came six feet Northward of a rock that was formerly set in the line. We then spotted trees to the shore, where we were three rods Northward from a pile of stones

called the town line.

We then built a stone monument at the shore where our line came.

We then spotted our line back to the place of beginning in the morning and adjourned to meet next morning at that place.

Oct. 7. 1882.

Met according to agreement. and ran South sixty eight degrees and forty minutes East, passing Northerly of the Old Line all the way to the "Head of the Sound", where we were about four rods Northerly of the Old Bound.

In running this line, we found a great deal of difficulty in running a straight line on account of strong local attractions.

We did not spot this last mentioned line.

The subscribers, Selectmen of the town of Eden, in the County of Hancock, & State of Maine upon the application of E. H. Grady and ten others, to lay out a Public Sewer in the said town,

1883.

Beginning at the junction of Eden St and Eagle Lake Road and ending at the shore near Boat Cove so called, in said town, having given seven days notice of our intentions to lay out the same, and stated in said notice the termini thereof, by posting said notice in two public places in said town, and in the vicinity of the proposed route to wit; in Desisle & Brewer's Store, & in Bar Harbor Post Office in said town on the fourteenth day of February A.D. 1883. - and having met at the time and place appointed for that purpose, and having personally examined the route proposed, are of opinion that there is occasion for a Public Sewer for the use of said town as proposed. We therefore lay out said Public Sewer as follows.

Beginning at the junction of Eagle Lake Road and Eden Street, one rod Westerly of the Hodgeant, that stands on the East of said Eden Street, thence following said street North three (3) degrees and fifty minutes east fifteen rods, thence North four degrees & forty minutes West thirty five rods to the junction of Eden and Cottage Streets, thence on Cottage Street North eighty nine degrees and forty five minutes East sixteen rods and eighteen links to a stake near a telephone pole which stands on the North side of said Cottage Street, thence crossing land of L. Taylor Dickson - first North eight degrees West twenty ^{three} rods and twenty links, thence North twenty one degrees

Met sixteen rods and thirteen links to a stake near the bank at the shore: thence North sixteen degrees and thirty minutes east three rods more or less to high water mark. thence on same course forty rods more or less to low water mark. and we award to J. Taylor Dickson over whose land the sewer passes no damage. We also according to the application and Notice above described lay out a branch to the above described Public Sewer as follows. to wit: - beginning at the above mentioned stake near the Telephone pole on the North side of Cottage street, and follows said street South seventy seven degrees and fifteen minutes east thirteen rods and sixteen links to E. H. Grubbs' east line.

Such laying out with the boundaries and admeasurements has been filed with the Town Clerk on the twenty fourth day of February A.D. 1883 being seven days before this meeting, and we now report such laying out with the boundaries & admeasurements of the same to said town at a meeting of the inhabitants regularly warned and notified for them to accept and allow the same.
