The Subscribers, Selectmen of Eden, upon the application of M.B. Salisbury and twenty-two others inhabitants of said town of Eden, to lay out a public drain or sewer in said town for the use of said town, at Bar Harbor, along the following line, to-wit:-

Beginning at a point on the Main Sewer, on Cottage Street, said point being opposite the centre of a private way known as Greely Avenue and eighty-four (84) feet Westly from manhole number 43 of said Main Sewer. Thence crossing said Cottage Street and along the centre of Greely Avenue South six degrees and forty-five minutes West ($S 6^{\circ} 45' W$) two hundred and forty-five (245) feet to a point where the centre line of a side street produced would intersect the above last described line: thence still following the centre line of Greely Avenue on same course three hundred and four (304) feet.

Also beginning at the intersection above mentioned and following the centre line of said side street North eighty-three degrees and fifteen minutes West ($N. 83^{\circ} 15' W$) one hundred and forty-two and five tenths (142.5) feet. Thence deflecting on a right angle to the left and running South six degrees and forty-five minutes West ($S 6^{\circ} 45' W$) three hundred and four feet. The above described line is the centre line of the strip of land taken and condemned and the strip is ten feet wide, having given seven days notice of our intention to lay out the same and having described the said sewer or drain as hereinabove in said notice. by posting said notices in two public places in said town, and in the vicinity of the proposed

route, to wit: - At the Post Office in said Bar Harbor. and on an electric light pole situated on the southern side of Cottage Street near the Northern end of said public drain or sewer, in said town on the fifteenth day of October A.D. 1900. and having met at the time and place appointed for that purpose, and having personally examined the route proposed, are of opinion that there is occasion for a new public drain or sewer for the use of said town as proposed, we therefore lay out said public drain or sewer as follows.

Beginning at a point on the Main Sewer on Cottage Street, said point being opposite the center of a private way known as Greely Avenue and eighty-four feet (84) West from manhole number 43 of said Main Sewer. Thence crossing said Cottage Street and along the center of Greely Avenue, South six degrees and forty-five minutes West ($86^{\circ} 45' W.$) Two hundred and forty-five (245) feet to a point where the center line of a side street produced would intersect the above last mentioned line: thence still following the center line of Greely Avenue on same course three hundred and four (304) feet.

Also beginning at the intersection above mentioned and following the center line of said side street North eighty-three degrees and fifteen minutes West ($83^{\circ} 15' W.$) one hundred and forty-two and five tenths (142.5) feet. Thence deflecting on a right angle to the left and running South six degrees and forty-five minutes West ($86^{\circ} 45' W.$) Three hundred and four feet.

The above described line is the center line of the strip of land taken and condemned, and the strip is ten feet wide, said public drain or sewer passes over land of Edward H. Greely, Andrew P. Kismull and Lucilius A. Emery, and we assess for their

Mount Desert Island, Plover
Wharf License.

We the undersigned Municipal Officers of the Town of Eden, Hancock County, State of Maine, having received an application in writing for license to build and extend a wharf in tide waters, within the limits of said Town of Eden, a copy of which application is prepared hereto, gave at least three days public notice of such application therein, designating a day on which we should meet, on or near the premises described, and examine the same. Said notice was posted October 5th 1901, in two public places in said Town of Eden, to wit, at the post office in Bad Harb, in said town and at the office of the Municipal Officer of said Eden. Such notice consisted of a copy of the application as above set forth, together with the following notice signed by the Municipal Officers, appended thereto:

Public notice is hereby given that pursuant to the application in writing, of which the above is an exact copy, and for the purpose of examination and hearing, as provided by the Revised Statutes of Maine, Chapter 3, Section 60, the Municipal Officers of the Town of Eden, will meet on the premises described in said application, on Wednesday, the 9th day of October 1901, at ten o'clock in the forenoon. All interested parties will govern themselves accordingly.

At the time and place appointed in such notice, to wit, Wednesday, Oct. 9th 1901, at 10 o'clock in the forenoon, we met on the premises described and examined the same, and after full examination and hearing of all parties interested we decided that such erection and extension would not be an obstruction to navigation, although it might be an injury to the rights of

others; that the following location, limits & boundaries, would neither be an obstruction to navigation nor an injury to the rights of others, and we determined to allow the same.

We therefore issue this license under our hands to the Mount Desert Reading Room (Corporation) authorizing it to make said erection and extension and to maintain the same within the following limits, being within the limits described in said petition:

Beginning on the Eastern line of said Mount Desert Reading Room at the point where said Eastern line intersects the outer edge of the sea wall constructed in front of said land; said point of beginning being eight feet distant from a stone post set in the ground in said Eastern line; thence Westward, but following said outer edge of said sea wall, to a point forty-five (45) feet distant from said Eastern line, measuring at right angles thereto; thence North twenty-six degrees and ten minutes East ($N. 26^{\circ} 10' E$) one hundred and seventy-five (175) feet; thence North thirty-two degrees and forty minutes East ($N. 32^{\circ} 40' E$) ninety (90) feet; thence South eighty-eight degrees and no minutes East ($S. 88^{\circ} 0' E$) ninety (90) feet; thence South thirty-seven degrees and forty-five minutes West ($S. 37^{\circ} 45' W$) two hundred and ninety (290) feet to the point of beginning.
